

The winning team -

A team that's taken us over 20 years to build: 20 years of experience, care and thought! That's why for design specification and value the CI Autohomes team is unbeatable!

One of our newest team members is the Kamper – the first Volkswagen conversion in the World with a rigid, insulated, fully elevating roof. Another new member – the Bedouin – offers all the space and luxury a Sheik would expect with it's beautifully appointed rear lounge!

The other nine are just as special – from the fast and compact Trailblazers, the spacious and economical Highwayman, the award winning Motorhomes, to the Team Captain – the fabulous Travelhome. The Team Manager, the Transhome, looks after our commercial interests.

We'd like you to know the reasons why we're top of the Motor Caravan league in Europe –

★ We're part of the worldwide Caravans International Group.

★ We've been making motor caravans in Poole for over 20 years, and export to most European countries.

★ Our excellent and comprehensive model range meets all the safety and engineering requirements of the respective motor manufacturers, and all gas appliances are fitted in accordance with the manufacturer's instructions. Only "safe" heaters are fitted.

★ Our models hold their value well and are much sought after on the used market.
