THE WINNING TEAM!

Autohomes is Britain's largest and most experienced motor caravan manufacturer and has been making motor caravans in Poole for over 25 years. In 1984 the company achieved six remarkable "firsts" - the Kamper remained Britain's No. 1 best selling motor caravan and won the Motor Caravanners Club Concours D'Elegance award for the best elevating roof motor caravan. The Excalibur remained Britain's best selling coachbuilt motor caravan, and the Camelor was voted joint first "Motor Caravan of the Year" for the best conversion. At the Caravan Show the new Merlin won the "Caravan Industry Award" for the overall best motor caravan at the Show and the Camelor was voted best high top motor caravan. The latest range represents the most advanced motor caravans ever to be built in the UK.

The elevating roof models - Pandora, Trailblazer and Kamper, have unique rigid, double skinned and insulated elevating roofs that help protect against temperature change and avoid the condensation and "wind flap" associated with fabric elevating roofs. The exciting high top models - Karisma and Camelor - have exceptionally high standards of

specification - TV is even included in the Karisma - while we reckon the Kameo is the best value VW motor caravan of all time! The coachbuilt range which includes the well established and ever popular Motorhome and Travelhome S, has been strengthened by a much improved Excalibur Mark II and the fabulous new Merlin. All are designed for long term touring in all climates and are constructed from panels manufactured by the vacuum bonded styrene sandwich process which guarantees a structure that is immensely strong and light with superb insulation qualities.

All Autohomes meet all the safety and engineering requirements of the respective motor manufacturers, and all gas appliances are fitted in accordance with the manufacturers' instructions. Only heaters which are properly vented and which we consider to be completely safe are fitted.

We back all our products with a first class aftersales service in terms of warranty, parts supply, service facility at the factory, and with Britain's largest network of specialist motor caravan dealers. Need we say more!
